

Checking Dimensions Quiz

In this quiz, we define the following symbols:

- Let L , H , R , and d denote distances or lengths.
- Let v , v_i , v_f , and v_o denote speeds.
- Let g denote the gravitational field strength.
- Let μ , μ_k , and μ_s denote coefficients of friction.
- Let k be a spring stiffness.
- Let θ and ϕ denote angles.
- Let m , m_1 , and m_2 denote masses of objects.
- Let F , F_1 , F_2 , N , and W denote magnitudes of forces.
- Let t , t_i , and t_f represent time.
